*For Immediate Release*

### **GHP Horwath, P.C. Announces Promotion**

Denver, CO – A member of The GHP Financial Group and one of Denver’s largest locally owned public accounting and business consulting firms, GHP Horwath, P.C. is proud to announce Angela “Angie” Parsons, CPA, as a new Principal in the Audit Services department.

Angie was raised in Auburn, Indiana and graduated from DeKalb High School in 1995 (Yes, she is that young!) She attended Purdue University and graduated with highest distinction in 1999 with a Bachelor of Science Degree in Management with a focus in Accounting.

During Angie’s time at Purdue, she interned with both Crowe Chizek & Company (“Crowe”) and Ernst & Young. After graduation, Angie moved to Chicago and joined Crowe in Oakbrook, IL as an audit staff member. While at Crowe, Angie began working as in-charge in the audit department within two years. During the summer of 2001, Angie was provided an opportunity to move to London, England and work for the Horwath affiliate, Horwath Clark Whitehill (“HCW”). Angie spent two years working at HCW, during which she was promoted from audit senior to audit supervisor and again from audit supervisor to audit manager. Angie worked on many of HCW’s largest clients including the audit of PwC UK. Upon Angie’s repatriation, she joined GHP in the fall of 2003 as an audit senior and was promoted to audit manager in January 2005. Angie has been a licensed CPA in the state of Colorado since 2003 and she is a member of the AICPA and the CSCPA.

Angie demonstrates leadership, tremendous technical knowledge and excellent client relationship skills. Angie has always demonstrated her commitment and dedication to getting the work done and she has also been instrumental in GHP’s appointment as auditors of various publicly-traded clients and has demonstrated the ability and willingness to communicate with both the SEC and the Firm’s outside technical consultants. This has included many of the Firm’s clients that have been involved with complex transactions including acquisitions, bankruptcy accounting and debt and equity financings. Angie has participated in several Firm engagements that have required her to travel throughout the United States. This has often involved her working with other accounting firms as well as directly with Horwath affiliates and their firms’ partners. Angie has participated in several of the assurance department’s international engagements, which has allowed her to work closely with other Horwath International firms in Canada, Puerto Rico, Germany, Ireland and Singapore.

Please join in congratulating Angie on this wonderful milestone in her career
